

PROFILE

As a web developer, my objective is to create user-friendly and efficient and Single page web application that are visually appealing and easy to navigate. I utilize my skills in **HTML, CSS, JavaScript, Bootstrap, Reactjs** and **Nodejs** to develop websites that meet all the requirements of the client. I am confident that I can apply these skills to a Web Developer Role, and would like the opportunity to work with more complex codebases. I also offer maintenance and support services to keep the website running smoothly.

PROJECT

E-COMMERCE WEBSITE

Designed and Developed a Frontend of E-commerce Web App with **ReactJs, HTML, CSS, Bootstrap**. Mainly I am used **Reactjs**, which is **JavaScript** framework to build the frontend of our project. By using React-Router-Dom, we are build single page web application and using redux add some functionality to our web page.

By this project I am improved my experience in reactjs concepts such as **ContextAPI, Router, Redux**, form validation through react-hook-form. In this project I am build a form for login and sign in. For navigating one page to another page I am used navigate hook and used various hook for state data management in webpage. Add functionality for add to cart, and Total order using Redux tool kit. We are using most of our Reactjs concepts in this E-commerce website.

EDUCATION

1.DISHA COLLEGE OF MANAGEMENT AND TECHNOLOGY

2019-2022
Bachelors of Computer Applications

2. JHARKHAND STATE OPEN SCHOOL, RANCHI

2016-2018
SCIENCE

KEY SKILLS AND CHARACTERISTICS

- ReactJs
- Redux
- NodeJs
- Javascript ES6
- Html5
- Css3
- Bootstrap5
